

Dear Members,

Please find below the mail by the international organiser regarding implications of the corona virus crisis.

Attached are the updated registration form for this championship.

Please forward this information to your competitor, captains , managers, ...etc

Please also check when booking flights with cancellation insurance that the corona virus crisis is covered. It's not always the case, so please check !

**Onderwerp:** INFO for all members, please forward.

Hello Sirs,

I think this is very important information for everyone.

---

Important message to all Members,

Please find attached the updated Registration form (.pdf and .docx).

Because the final "go / no go" decision for the cancelling of WFFC2020 will be done as late as two months before the original date, we have done some changes to the schedule.

We were able to negotiate more relaxed dates with the hotel for the payments and we decided to apply them for You also.

Also I'm glad to inform You that full refunding of Participation Fee will be done if we have the case of cancellation of the WFFC2020.

This is valid in cases of Force Majeure.

- If the FIPS-Mouche makes the decision to cancel. Decision will be done on June.

- If National traveling ban is made by Your country or the border is closed by our Country for the time period of the competition.

I hope this will ease Your mind to Register in time.  
We can then reserve the correct number of the rooms we will need.

Note! A new Registration Form with new dates for the Participation Fee's is available in our page also.

<https://www.wffc2020.com/program-registration/>

For those who have already registered: You don't need to renew Your earlier registration, just observe the dates of payments.

Meanwhile I hope we all be well and do our best to survive with minimum harm caused by Corona pandemic.

We will continue the preparations for the successful 40<sup>th</sup> WFFC!

If anything to ask, don't hesitate to contact me by phone, email, SMS, messenger etc.

Ilkka Pirinen
